Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

... FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Confessed His Crime.

William Lee, the negro whose life while he was in jail at Eastville, Va., on Monday, was sought by a Maryland mob, is now in jail in Norfolk. To the fact that the Portsmouth and Norfolk battalions of the Seventy-first Regiment responded as promptly as they did to the call of Governor Swanson, the man owes the fact that he is alive. He left Eastville, where he was confined in jail, awaiting requisition papers from the Governor of Maryland yesterday morning, under escort of 150 Norfolk troops. The troops, with the prisoner, after a stormy passage across the bay in the teeth of the northeaster that raged all the morning, arrived at Norfolk at 4 a. m., and the prisoner was immediately incarcerated in the murderers' cell at the city jail.

While crossing the bay, the negro made a written confession of his crime, the details of which are revolting. The confession is a lengthy one, and describes the carefully planned assault on the helpless woman. The prisoner is small and does not present a formidable appearance. He appears to be above the average negro in intelligence. His size and general demeanor would seem to lend color to the statement that the women were in fear of harm to the baby of Mrs. Barnes rather than in fear of the negro himself. When arrested in Cape Charles Lee at once cowed and became nervous. When he was locked up in Eastville jail he was very nervous, and on Monday his fears for his safety increased to the point where he begged and cried for protection.

After leaving the Eastern Shore Lee displayed little uneasiness, and yesterday morning, when he was seen in jail, he was calm. His principal fear seems to have been of violence at the hands of the Maryland mob. He appreciates that he must go back to Maryland for trial, but does not appear to be disturbed at present.

Sheriff Lawler, of Norfolk, says the negro has a criminal record, and that he has twice before been in the Norfolk jail. Lee gives his age as sixteen, but Sheriff Lawler says he is about twenty.

It is not yet known where Lee is from. There is no record of him in Portsmouth. He has made one statement to the effect that he is from York county, Va.

Gov. Swanson yesterday afternoon received a telegram from Gov. Warfield, of Maryland, thanking the governor for his prompt action in regard to the capture of Lee, and asking the governor to hold the prisoner pending the arrival of the sheriff of Somerset county with the proper requisition papers, which will be issued today.

Wealthy Tramp.

Justice has come to Mrs. Elizabeth Weader, a New York washerwoman, who has been living from hand to mouth in trying to keep herself and her 14-year-old daughter Annie alive, while her husband, August Weader, has been living the life of a tramp, with $17,000 in yellowbacks stuff in his shabby clothes.

Weader was arrested Monday asleep in the street. Yesterday Magistrate Furlong, in the Lee Avenue Police Court, Brooklyn, gave Weader the choice of presenting his wife with $5,000 or going to jail. The threat of a prison cell struck terror to the heart of the prisoner and he signed over to his wife the sum specified by the Court.

Two years ago Weader was a poor man, living with his wife and daughter in a tumbledown East Side New York tenement. Then he received an inheritance of $25,000 from his father in Germany. The sudden possession of his wealth seemed to turn his head, for, it is alleged, he deserted his wife and child. Detectives who went in search of Weader's wife on a chance remark he dropped after his arrest learned from the neighbors that Mrs. Weader and "little Annie" had gone down to the dock at east Eleventh street to pick up some kindling wood to heat water for their washing. Among the forms bending over the chip piles on the dock Detective Connolly found Mrs. Weader and her daughter with their aprons filled with odds and ends of wood. The deserted woman and daughter, when they found that justice is not the heartless machine they had pictured, broke down and wept. The wash had to be delivered, and while Annie was doing up the pieces Connolly told her the situation.

A Miraculous Cure.

The following statement, by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1.00 at E. S. Leadbeater & Sons' drug store

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

The Negro Problem.

Rev. Thos. J. Duffy, of Epiphany College, Walbrook, Md., read yesterday an interesting paper on religious work among the colored people before the Missionary Congress in Washington. The Josephite Society educates priests, who devote themselves to work among the negroes. Father Duffy declared that there is a "negro problem," and spoke of the good and bad qualities of the negro, the need of priests especially devoted to the work, saying that the same test cannot be applied to the negro of the North as to those of the South. He also said that the negro race is on the threshold of a great future.

"The colored race," Father Duffy said, "anxious for education, look down upon the public schools of the South, and regard them as common—not in the sense that they impart common school education, but that attendance in them speaks ill for the people at large." He said:

"It is my solid conviction that if we are to bring the negro into the church, the work must be the work of all American Catholics.

Extra Choice Head CAROLINA RICE. Just received by J. C. MILBURN.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, JUNE 14, 1906.

CONDITIONS in Russia are still serious, according to dispatches from various parts of the Czar's realms. The government finds itself totally unable to cope with the threatened agrarian uprising in the rich province of Poltava. The government receives daily requests from land owners for troops to protect their estates, but cannot comply because the local troops, instead of attacking, fraternize with the peasants. Prince Hidirbegoff, a marshal of the nobility and prominent opponent of the liberal movement, was killed in the street at Kutais yesterday. Troops who were sent to stop the fighting in Transcaucasian villages between Cossacks and Circassians killed thirty men. An industrial tempest is on the point of breaking at Moscow. A final conference between the employers and printers, whose strike produced the general strike of last October, was being held last night. The result may be a strike of printers and factory employees.

JOHN D. ROCKEFELLER, in addition to his many burdens and anxieties, is afraid of snakes and is said to be looking for a modern St. Patrick who will rid his large estate at Pocantico Hills of all specimens of the ophidian creation. He has offered 25 cents for every one killed. Mr. Rockefeller always has had a horror of snakes. If he has occasion to go to the Buttermilk Hall section he always travels in a carriage. Mr. Rockefeller also offers $2 for every dog killed on his estate. People living in the vicinity of Pocantico Hill are said to be making many quarters out of the oil king, and it is suggested that all the snakes killed may not be aborigines of his estate. So long as the bounty is paid Pocantico Hill will doubtless always be infested with reptiles. A herd of hogs would clear them out in short order.

THE MEMBERS of a church in Plainfield, N. J., have adopted a practical course in order to paint their edifice. The suggestion made by the pastor, Rev. Philip A. Parson, that the men of the church do the work was heartily agreed to, and they volunteered to donate a day's service, and the women have agreed to provide the dinner and serve it on the grounds. All the necessary help has been secured, and it is believed that the church can be painted in a day. The money to purchase the paint and brushes has been raised at an ice cream and strawberry festival. The pastor will don overalls with the others.

IT IS now estimated that over 1,000,000 immigrants will have entered the United States through the port of New York alone during the year ending June 30. Up to June 1 there had been 970,000 immigrants landed. If the ratio so far attained this month is continued to the end of the fiscal year all previous records will be broken. Many of these people are the off-scourings of Europe, not fitted for citizenship of this country, while thousands of industrious Chinese, who would have worked and developed the farm lands of the South, have been excluded.

Reports that Secretary of Agriculture Wilson is to resign from the Cabinet as a result of the meat-inspection scandals seem to have no other foundation than the belief that the Secretary has been remiss in not obtaining an investigation of packing methods earlier. Secretary Wilson declares he has no intention of leaving the Cabinet and those who know him never believed for a moment that he had. He never held so good a position before and never will again.

ANOTHER big purchase of Bessemer pig iron was announced at Pittsburg, Pa., yesterday, when the Republic Iron and Steel Company placed an order for 20,000 tons. This makes a total of 60,000 tons which the Republic people have placed for third-quarter delivery during the past 30 days, and it is understood that the price was $17.25. Is it any wonder that the steel trust insists upon its representatives in Congress standing pat on the tariff question?

THE TRUTH of the observation, "In the midst of life we are in death," was vividly illustrated in Norristown, Pa., yesterday morning. "Look at those beautiful roses. I am glad that I am alive and can enjoy nature," said John C. Zimmerman to an acquaintance. Before his friend could reply he was startled to see Zimmerman fall to the ground unconscious. He died of valvular disease of the heart before a doctor arrived.

ACCORDING to Dowie, he is not to be wafted to heaven in a chariot of fire, but is to pay the debt of nature as others of the human race. He, however, says he is to rise from the dead. "I thank God," he says, "that I am about to die, and that I shall return to the world to finish my work as Elijah the Restorer."

THE flying-machine mania has driven an enthusiast to suicide. Henry Rodemeyer, of Jersey City, threw himself in front of a train of the New York, Susquehanna and Western Railroad a day or two ago and was horribly mangled. He was rendered desperate because his aeroplane refused to fly.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, June 12.

President Roosevelt made an address to the graduates and presented the prizes to the students at the commencement exercises of Georgetown University today. Father Buell, who introduced the President, said that every President of the United States but two had attended the commencements of Georgetown, and felt particulary proud over the fact that Washington had been first in war first in peace and first at Georgetown University. President Roosevelt also made mention of the historic claims of the university and said that it was just one year older than the constitution of the United States, and that a great-great-grandson of the student who delivered the welcoming address to Washington is now a student of the school. Character was the theme of the President's address to the graduates. No matter how brilliant a man's intellect may be, if he has no character he will be a failure in life and a menace to his fellow men. He did not want the graduates to leave school with such lofty ideals that they would never be able to attain them and would be of no account in the world. The first aim of the graduate after leaving school is to make his living. Referring to the fact that the commencement is held on Flag Day the President told the graduates that they would have just as many opportunities to show their patriotism in everyday life at they would when the flag was waving over fields of battle. He charged every young man to wage war relentlessly against every man of wealth who does wrong, against every great corporation that indulges in my iniquity, but he doubly charged them not to train people to that obliqueness or vision that would result in a general feeling of antagonism towards wealth and the men who possess it.

"Flag Day," the anniversary of the adoption of the American flag by the Continental Congress, was observed in Washington today with appropriate ceremonies. In compliance with the orders of the District commissioners the American flag floated from every District building, and, upon their request, from many homes. At every school in the District and at a number of other institutions, exercises were held, planned to instill patriotism into the minds of the pupils. At every school building patriotic men made addresses and the entire attendance joined in singing national songs and delivering inspiring recitations.

House republicans have practically agreed to hold a caucus early next week, the purpose of which is to decide whether the immigration or the pure food bill shall have the right of way. Representative Gardner, of Massachusetts, is fighting for the immigration bill; Representative Mann, of Illinois, leads the pure food forces. The outcome is in doubt.

The conference committee on the railroad rate bill, held a meeting this morning, at which all the new matter that was inserted at the previous meetings of the conferees was stricken out. This includes the provision that the bill shall not go into effect until sixty days after it becomes a law, and the proposed increased salary for the secretary of the Interstate Commerce Commission. The anti-pass section was then taken up. While no conclusion was reached, the indications pointed to the acceptance of the section, as it was passed by the Senate.

There will be none of the spectacular at the military maneuvers to be held this summer at the seven brigade camps to be established throughout the country for the joint maneuvers of troops of the regular army and organize militia. Profiting by the experiences at Manassas, Va., in the fall of 1904, when the troops were given all the comforts of life while maneuvering in the field, and remembering the harsh criticism of the public and Congress, the war department has issued stringent orders this year that the maneuvers shall simulate in every manner actual condition of warfare.

The mandate of the Supreme Court of the United States in the Phillipine tariff case has been issued and the government will now have to refund duties to the amount of nearly $5,000,000.

Fifty-ninth Congress.

Washington, June 13.

SENATE.

Senator Benson, just appointed from Kansas, appeared and took the oath of office.

The credentials of Senator Dupont, of Delaware, were presented but the new Senator did not appear.

Senator Dryden addressed the Senate advocating a lock-type of canal across the Isthmus of Panama.

HOUSE.

Flag Day was commemorated in the House by Chaplain Couden's prayer today.

Adjournment fever was evident in the House by the adoption unanimously of a resolution to meet at 11 o'clock daily from now on, instead of at noon.

The House then, in committee of the whole, resumed consideration of the sundry civil appropriation bill.

TELEGRAPHIC BREVITIES.

Lewis Emery, jr., who was nominated for Governor by the Lincoln party, today filed his expense statement in Harrisburg, Pa., which shows that his nomination cost him less than $50, or practically nothing.

A jury awarded former Senator William Henry Sutton, $34,250 for less than two acres of land taken from his homestead property at Haverford, Pa., by the Pennsylvania Railroad in straightening its main line. Mr. Sutton asked $70,000.

E. Wallace, who has been traveling with a circus as a "human ostrich," has undergone an opperation at Minneapolis. Fifty-seven nails, several pieces of glass and five pieces of wire were removed from his stomach. He will recover.

Sarah Bernhardt sailed today on the La Touraine from New York, having completed what she says is certainly her farewell American tour.

The weather is still unseasonably cool, the wind having been blowing from the northeast all the week, with occasional rains. The temperature last night was akin to that of March, and fires were necessary for comfort.

News of the Day.

It was testified before the Interstate Commerce Commission yesterday that the Pennsylvania Railroad bought and sold private cars to mine operators.

The Longsworths have declined an invitation from King Leopold, of Belgium, to visit Brussels on the ground that their itinerary will not give them time.

Baron Speck von Sternburg, in addressing the University of Illinois students yesterday, declared that many of the maxims of President Roosevelt were used years ago by a Chinese emperor.

William T. Vernon, of Kansas, the negro appointed some time ago by President Roosevelt to succeed Judson W. Lyons as Register of the Treasurp, has taken the oath of office and entered upon the discharge of his official duties.

It is believed in official circles in Washington that Secretary of the Navy Bonaparte will either leave the Cabinet of President Roosevelt next fall or will be transferred to the Department of Justice as Attorney-General. In any event, there is excellent authority for the statement that Mr. Bonaparte will not remain at the head of the Navy Department many months longer.

The President has decided to appoint W. P. Kent, of Whyte county, to the position of consul-general to Guatemala. The position pays a salary of $3,000 a year. Capt. Kent is a son of late Lieutenant-Governor Kent, and was a captain in the Second Virginia Regiment during the war with Spain. He was the republican candidate for Lieutenant-Governor on the Virginia republican ticket last fall.

The legal proceedings instituted by Mr. Frank S. Gannon, of New York, against President David H Buel and the directors of Georgetown College, to compel the reinstatement of his son, Edward Gannon, as a member of the freshman class of the college, have been of no avail. The petition of the father for a writ of mandamus was denied some time ago by the District of Columbia Supreme Court, and yesterday the Court of Appeals of the District, in an opinion handed down by Justice McComas, dismissed the appeal taken from the decision of the lower court.

There is a strong move on foot in Pittsburg to bring the ice men who have combined and raised the price of ice within range of the law, and there was a conference yesterday between District Attorney Stewart and U. S. District Attorney Dunkle on the matter. Judge Dunkle was particularly interested, and gave it as his opinion that the combination to make a raise of 20 per cent. in rates was a violation of anti trust laws. He said he would take the matter up at once. District Attorney Stewart says that if he can lay his hand on the right law he will cause the arrest of every ice dealer in Pittsburg.

The statehood bill, as finally agreed upon in amended form by the conference committee, was passed by the Senate yesterday without division after a prolonged and heated partisan debate. Indian Territory and Oklahoma are to be admitted as the State of Oklahoma, and New Mexico and Arizona are to vote separately on their admission as one State. The House and Senate adopted the conference report on the national quarantine bill. The diplomatic and consular appropriation bill was sent to conference. During the debate on the sundry civil appropriation bill yesterday a bitter attack was made on the business methods of the geological survey. The House refused to abolish land office receivers. The conference report on the statehood bill was submitted to the House late in the afternoon.

Meat Inspection.

A meat inspection provision was completed by the House committee on agriculture last night, and will be presented to the House for action probably today which it is declared by the committee will insure that American meat and meat products are healthful, clean and in every respect wholesome and fit for food.

The important features of the legislation are that it places the cost of the inspection on the government and makes an annual automatic appropriation of $2,000,000 to pay the expenses. It requires a rigid post-mortem and ante-mortem inspection of all animals killed for food. It requires a government label as a passport for all meat products which enter interstate commerce, and, in addition to this label, a certificate of purity to the carrier and to the Secretary of Agriculture for all such products which enter foreign commerce. To secure this label, the product must be handled in accordance with sanitary regulations to be prescribed by the Secretary of Agriculture, who is authorized to employ, without regard to the civil service law, for the first year an adequate corps of efficient inspectors to supervise the enforcement of his regulations.

It prohibits the use of perservatives or chemicals in the preparation of meat foods which are deleterious to health, and leaves the matter of determining this question to the Secretary of Agriculture. The label on the product is to indicate the ingredients, but the date of manufacture is not required to be stated.

The sanitary requirements which the Secretary is to prescribe and enforce must insure complete sanitation as to all buildings, whether slaughter-houses or canning establishments.

Funeral of Edwin B. Hay.

In the presence of many who had known and loved him in life the last tribute of respect was yesterday afternoon paid to Col. Edwin Barrett Hay whose death occurred last Sunday night. Services over the remains were held both at the residence and at St. Paul's Episcopal Church, Washington. The interment was in Rock Creek Cemetery.

At the residence the services were conducted by the Gridiron Club and by the local lodge of Elks. "Crossing the Bar," Tennyson's poem, was sung by Mrs. Thomas C. Noyes. The Gridiron quartet sang two hymns. The Elks conducted the service of their order and a prayer was offered by Rev. Dr. Alfred Harding, rector of St. Paul's Church.

The members of the Gridiron Club acted as an escort to the remains from the residence to the church, where the services were conducted by Dr. Harding in the presence of delegations from the various Masonic bodies, the Odd Fellows, the Elks, the Bar Association of the District of Columbia and other organizations.

At the grave the burial service of the Odd Fellows' order was observed.

Virginia News.

The first State convention of the Virginia Order of Elks will be held in Richmond tomorrow, and many of the antlered tribe from all over the State are expected to be present.

Anton Schwab, 72 years old, an aged resident of Fauquier county, died at the home of his daughter, Mrs. W. E. Bishop, in Warrenton, yesterday afternoon after a lingering illness.

Bruce Milton Mozingo and Miss Susie Rosie Etta Fones eloped from Warsaw, Westmoreland county, to La Plata, Md., and were married there Tuesday at Hotel La Plata by Rev. Dr. H. P. Baker.

John I. French, aged fifty-eight years, died yesterday at his home, near Coakley, Stafford county, from the effects of injuries received by the kick of a gun while out hunting last week. A widow and four children survive.

Mrs. Nannie Preston Summers died at Abingdon yesterday. She was the wife of Colonel John C. Summers, who was a member of the constitutional convention, and a daughter of Colonel John F. Preston, of Washington county.

Alfred Lane, formerly of London, England, now of Pittsburg, and Miss Jennie Lee Tillet, daughter of the late Thomas R. Tillet, of Leesburg, were married Tuesday at the residence of the bride's brother, John R. Tillet, near Waxpool, Loudoun county.

Miss Elizabeth Waller died at an early hour Wednesday morning at her home at Garrisonville, Stafford county, from the effects of a third attack of paralysis. Miss Waller was 65 years old, a daughter of the late Edward Waller and sister of the late Col. Thomas W. Waller.

COURT OF APPEALS.

International Harvester Company vs. Smith; argued and submitted

Battershall vs. Roberts continued.

Campbell vs. Watkins's executor submitted on briefs.

Williams vs, Kendrick; argued and continued.

The next cases to be called are: Pocahontas Collieries Company vs. Williams, Norfork and Western Railway Company vs. Birchfield, and Big Stony Lumber Company vs. McIlwaine.

A writ of error was refused in the case of Norfolk Railway and Light Company vs. Scott, from the circuit court of Norfolk county.

In Massey's administrator vs. Southern Railway Company a writ of error and supersedeas was allowed to the judgment of the circuit court of Albermarle county.

Asylum Investigation

The legislative investigation of the affairs of the Eastern State Hospital was concluded yesterday, when Senator Saddler announced that the committee would adjourn subject to the call of the chairman.

Chairman Saddler, in a happy speech, thanked the citizens of Williamsburg for their hospitality to the committee.

Colonel Lawless, counsel for Dr. Foster, superintendent of the hospital, spoke of the courtesies he had received at the hands of the committee and the esteem in which he held its members.

During the investigation more than 50 witnesses have been examined. The official record will contain about 6,000 pages of typewritten matter.

The expense of the investigation, it is said, will reach $7,000. There seems to be four disputable facts brought out by the host of witnesses examined.

First, that Dr. Foster is an able and intelligent superintendent, who is active in the discharge of his duties; second, that the asylum needs larger appropriations for its proper maintenance; third, that the negro insane have fared better at the hands of the Virginia legislature than the white; fourth, that the attendants at the hospital are paid starvation wages—25 per cent. lower than any other State in the union.

There is no doubt that these facts will be properly reported to the General Assembly, that proper attention will be given them and that the evils will be remedied.

Accidentally Shot His Wife.

Mrs. William Seadar, was accosted by a crowd of men on the street at Milford, near Cincinnati, yesterday, was accidently shot by her husband, who rushed to her aid and opened fire with his revolver. The husband is nearly crazed with grief, but the parents of the dead woman, who are neighbors and who have for a long time been estranged from her pay little attention to the tragedy. Though importuned, they refuse to visit the home of sorrow, and will take no part in their daughter's funeral. The tragedy occurred as the result of a neighborhood quarrel, and Mrs. Seadar was accosted after she had gone to a neighbor's to rebuke her for bearing gossiping tales.

The Corporation Commission.

A. C. Braxton, special counsel for the State in the railroad-rate hearing before the Corporation Commission, yesterday in Richmond in close cross-questioning H. B. Plant, comptroller of the Southern Railway, brought out the fact that Virginia is charged with outside expenses. He also, by the same means, showed that while Virginia is charged with all the expenses incurred within its borders, it is charged with one-eighth of the expenses of the road in other States.

Mr. Plant's replies were involved in technicalities and unsatisfactory.

Because of other engagements of counsel on both sides they agreed to request that at the close of Mr. Plant's testimony today the hearing adjourn until Tuesday week. The chairman is likely to grant the request.

Despite damaging evidence Judge James Hargis, indicted for the murder of Dr. Cox, was admitted to bail in Jackson, Ky., the sum of $15,000 which was furnished.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and useless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Explosion on a Steamer.

Liverpool, June 14.—An explosion followed by fire, on board the American line steamer Haverford while the vessel was at her dock this morning, seriously damaged the vessel and caused the death of six of the crew and the injury of many others. The Haverford arrived yesterday from Philadelphia and docked this morning. As stevedores were unfastening the hatches preparatory to discharging the cargo an explosion occurred in the hold of the vessel. This was followed immediately by fire which spread to the cargo. Men were blown in all directions by the force of the explosion. One man was blown to atoms, the pieces being scattered over the deck, which presented a ghastly appearance. Another stevedore was blown out of the hold and badly hurt. Several others were terribly burned. The bulkheads and a part of the deck were blown out, so violent was the explosion. Five men are reported to have been killed outright, or to have died within a few moments after the explosion. A sixth died on his way to the hospital. Thirteen of the crew were taken to hospitals and several of them are reported to be in a serious condition. The fire spread rapidly and burned for two hours before it was extinguished. The cargo consisted largely of linseed oil cake and it burned fiercely. A great deal of damage was caused to the vessel and cargo.

The exact cause of the explosion was not ascertained. It is believed to have been caused by spontaneous combustion. As the explosive force was directed downward, however, this has aroused some suspicion that foul play was responsible for the accident. It was at first feared that some of the men were caught in the hold. As soon as the flames had been somewhat subdued firemen with smoke helmets were sent below to search for other victims. The explosion occurred at 8 o'clock and at 10 o'clock the fire was reported out. Officers were not aware that the cargo of the Haverford contained any explosives which could have caused today's disaster. It has been suggested that the explosion was caused by an infernal machine, or by explosives which were slipped as other goods. Some of the experts of the company hold to the theory that the explosion was caused by the fumes from naptha soap in the cargo being ignited by a spark from a match lighted by some laborers.

Killed By Moros.

Manila, June 14.—News was received here today that Lieut. Edward C. Bolton, of the Seventeenth Infantry, acting Governor of the district of Davao, in the island of Mindanao, and an American named Christian, manager of a plantation near Davao, have been killed by Moros. Chief Aungalayon and his two brothers are accused of the crime. The murder was one of the most treacherous ever laid to natives in the islands, as Lieutenant Bolton and Christian had been the guests of Chief Mungalayon at his house the night previous to the assassination. American planters in Mindanao fear that the Moros are about to begin a religious war and they are concentrating for self defense. A fanatic who has recently been preaching against Americans to the natives on both sides of the Davao gulf is said to have aroused the Moros to the point where they are ready to attack foreigners. A detachment of 100 regulars and 100 constabulary, led by Col. W. Scott, assistant chief of the Philippine constabulary, has taken the field against a band of fanatics. The natives are heading for the mountains, destroying and pillaging villages on their march. Chief Mungalayon has boasted that he has 200 followers.

Charged with Embezzlement.

Chicago, June 14.—Eugene G. Drennan was arrested today on the charge of larceny and embezzlement. Drennan was arrested on information from Washington, D. C., where he worked for the Washington Times. He was elected treasurer and entrusted with the funds of the Times employes savings society. When he left Washington on May 31, it is alleged he failed to turn over $600 belonging to the society. Drennan served a term in the United States Marine Corps, and secured his position in Washington six months ago. After leaving Washington he was traced to Crestline, Ohio, and then to Chicago.

Autonomy for Poland.

St. Petersburg, June 14.—Autonomy for Poland will be brought prominently to the fore today in the Douma during the discussion of the agrarian question by Count Ladislas Tyssekvitus. In discussing the agrarian projects he said: "The agrarian question in Poland cannot be settled before Polish autonomy has been attained." He was wildly cheered in this declaration by all the Polish deputies. The agrarian debates are continuing to absorb the attention of the Douma and it is possible that the question will be under discussion for some time to come.

Professors to be Shot.

Vienna, June 14.—A message received here from Warsaw, Poland, says that a court-marshal has condemned University Professors Ervan, Radetzki and Wiswonski to be shot for high treason for the part they took in leading the movement for Polish independence. The sentence has greatly excited the students of the university, and it has been found necessary to strengthen the garrison to prevent an outbreak.

Income and Inheritance Tax.

Paris, June 14.—The council of ministers today discussed a project for calling an international conference on the subject of establishing a general income and inheritance tax. The purpose of the scheme is to enable the French government to tax foreigners residing in France or Frenchmen who are abroad, under the terms of the income tax bill now pending before the French Parliament.

Their Doctor Had Turned Black.

Hazelton, Pa., June 14.—Dr. Noble, of Freeland, participated in a game of baseball yesterday in which all the members of his team disguised themselves by blackening their faces with burnt cork. Upon his return to his office he met a hurry call and rushed to answer it without washing off the burnt cork. The effect of his appearance at the patient's house was astonishing.

Federation of Labor.

Washington, June 14.—Labor leaders throughout the United States will gather in Washington next week at the meeting of the executive council of the American Federation of Labor to plan some uppercuts for the recalcitrant representatives in Congress who have deigned to disregard the demand of organized labor for certain legislation. Congress may adjourn shortly after the council convenes on Monday, but the federation leaders will endeavor to get in a few punches in its dying days. The principal business of this session of the council will be a determination of plans for the political campaign next fall.

The break between the federation on one hand and President Roosevelt and Speaker Cannon on the other occurred at the last meeting of the council. Since that time efforts have been made to feel the public pulse and ascertain just how far labor will follow the Representatives in Congress and how far the officials of the federation. Reports will be made by the various members of the council as to the attitude of the laborers with whom they have come in contact since this rupture.

Besides the announcement that the federation intends to enter the next congressional election to defeat the men who would not grant the desired legislation, President Gompers and his followers have done nothing. He says he has in his hands the replies of a large number of Representatives in Congress to queries sent all as to their attitude toward organized labor. He has threatened to publish these, but the public has seen none. It is certain that they will not be made public before September, and perhaps never.

The entire council will be asked about the best policy to pursue. Since the last meeting of the council, Congress has done nothing to win the favor of the federation. Attempts of labor to tighten up the eight hour law have failed. So far nothing has been done to please the labor element in regard to more rigid immigration laws, although there is in sight a caucus of republicans in regard to the matter. But there will surely be no anti-injunction legislation, no convict labor law and not even a child labor law for the District of Columbia.

In short, not one of the things that the American Federation of Labor asked for in its "bill of grievances" has been done. The members of the council will talk over just how to get these things at the next session. President John Mitchell, leader of the miners, will be in attendance, it is expected, and will bring up several matters in regard to the coal situation. The printers' strike and the various disagreements between the various unions will be brought before the council.

The Murder of Mrs. Kinnan.

New York, June 14.—Love letters written to Mrs. Alice Kinnan, the woman who was murdered in the home of her mother, Mrs. Stanton, in the Bronx, are today said to have been written to her by Contractor Clinchy, the man who died in the Stanton house about a month ago. These letters throw absolutely no light on the mysterious assassination of Mrs. Kinnan. They have brought to light that Mrs. Kinnan had hoped to marry the contractor when she obtained a divorce from her husband, who is now living at Delmar, N. J. Other letters have proved beyond argument that Mrs. Kinnan had many suitors, and that other men than Clinchy wanted to marry her. The further the detectives go into the mystery the more they are convinced that the murder was committed by some woman who took refuge in the house after beating Mrs. Kinnan to death and who was well-known to her.

Candle Factory Destroyed.

Jersey City, N. J., June 14.—Spontaneous combustion caused a fire in Gross & Company's candle factory on Provost, Bay and First streets this morning, and drove the 200 employees into the street. Some of the thirty-five girls become hysterical and were carried to the street by male employes. Because of the inflammable character of the stock in the candle factory, it was totally destroyed, causing a loss of $185,000. The fire communicated to the building at No. 156 Bay street, occupied by the Pierce Well Engineering and Supply Company, which sustained a loss of a few thousand dollars. The sheds in the pipe yards of the Jersey City water board, at No. 162 Bay street, caught fire but the firemen kept streams of water playing on the buildings, which were not damaged.

Death of the President's Uncle.

New York, June 14.—Robert B. Roosevelt, uncle of President Roosevelt, and himself a prominent figure in national politics, died at four o'clock this morning at his country home at Lotus Lake, near Sayville, L. I. Mr. Roosevelt, who was 77 years old, had been in failing health since last winter. He succumbed to a complication of diseases. Mr. Roosevelt's two sons, and other members of his family were at his death bed. Unlike his distinguished nephew, Robert Roosevelt was a staunch democrat and was conspicuous in the councils of that party. He was a United States Minister to The Netherlands from 1888 to 1890; and during the second Cleveland campaign was the treasurer of the local committee. He served many times as a presidential elector from this state.

Mr. Bryan in St. Petersburg.

St. Petersburg, June 14.—William Jennings Bryan, who is making a tour of the world and who arrived here yesterday from Berlin, dined last night with Professor Milskoff, the leader of the constitutional democrats. In discussing the American political situation at the dinner, Mr. Bryan is reported to have said that he believes the early triumph of the democrats is certain.

Hundreds See Them Sink.

Pittsburg, June 14.—John and Sophia Lasmewiski, brother and sister, aged respectively 20 and 18 years, were drowned in a lake at West View Park yesterday afternoon, where they were attending the annual picnic of a church, and hundreds saw them sink. They were rowing in a boat with some companions when the boat overturned.

New York Stock Market.

New York, June 14, 11 a. m.—The price movements in the first hour were practically all to lower levels, although in the first few minutes bull operators gave out buying orders in a number of stocks. They found stocks were for sale in too large volume and hurried themselves to sell out on each other. Declines in the issues in which they were concerned resulted ranging from 1¼ to 2¼ point.

Wedding.

London, June 14.—The marriage of Lady Mary Hamilton, the richest woman in the British kingdom, and the Marquis of Graham, son and heir of the Duke of Montrose, was solemnized today at St. George's, in Hanover Square. This marriage, through which two of the greatest houses of Scotland are united, was the social event of the year. King Edward attended and all of England's fashionable and leaders of the aristocracy was present. The church was gorgeously decorated for the occasion. Presents valued at one million dollars were sent to the young people.

Aeronaut Fell Into River.

Buffalo, N. Y., June 14—Knabenshue, the aeronaut, lost control of his airship at 10:30 o'clock this morning and dropped into the Niagara river. He and his ship have just been rescued by the life saving crew. It is reported that Knabenshue is hurt.

[A later dispatch says the two occupants of the airship were rescued. They were uninjured.]

Englishmen Assailed.

Cairo, Egypt, June 14.—A party of five English officers who were on a hunting trip were attacked by the inhabitants of a village near Tautas. The officers were deprived of their guns and were then beaten with bludgeons. One officer was killed and two were severely injured.

OFFICIAL.

AN ORDINANCE repealing an ordinance, approved October 12, 1892, amending and re-ordaining an ordinance approved April 14, 1892, entitled "An ordinance authorizing the use of Henry street Alexandria, Virginia, by the Washington Southern Railway Company," and for other purposes.

Whereas, The Washington Southern Railway Company, its successors or assigns, has failed to keep that part of Henry street, from the south line of Duke street to the northern boundary line of the city, lying between the rails of the track thereon and two feet on the outside of said rails in good order, and the said part of said street has been for sometime past, and now is, in bad order; and

Whereas, The said Washington-Southern Railway Company, its successors or assigns, has elected to no longer use the said Henry street for its railway, and has abandoned running trains on the track thereon, and has removed some rails from the track on said street, and has also disconnected the track on Henry street extended, just beyond the northern limits of the city, so that now there is no connection between the said track on Henry street and the main tracks of the said railway, and because the said track on Henry street and Henry street extended, as aforesaid, is in no condition for trains to be run thereon;

Therefore, Be it ordained by the City Council of Alexandria, Virginia,

1. That the ordinance approved October 12, 1892, amending and reordaining an ordinance approved April 14, 1892, entitled "An ordinance authorizing the use of Henry street, Alexandria, Virginia, by the Washington-Southern Railway Company" be and the same is hereby repealed.

2. That the Washington-Southern Railway Company, its successors or assigns, shall remove the rails, ties and planking, composing the railway track on Henry street, aforesaid, from the south line of Duke street to the northern boundary line of the city, within twenty days from the date of the passage of this ordinance, and it shall be the duty of the Clerk of the Common Council to forthwith transmit a copy of this ordinance to said railway company, its successors or assigns.

3. This ordinance shall be in force from its passage.

St. Mary's Academy.

Music, literature and elocutionary ability vied with one another for the palm of victory yesterday when the thirtieth annual commencement exercises of this educational institution, of which the city is justly proud, took place Every number of a well arranged programme was faultlessly executed from the "Meadow Song" in which fifty young ladies took part, to the closing "Waltz" from Faust.

The closing remarks were by Rev. H. J. Cutler who made a most interesting and appropriate address for the occassion. There were four graduates in the academic course and three in the commercial department. Miss Ethel Iris McDonald's essay was in the form of verse whose faultless rhythm and beautiful language proved the young graduate the possessor of much poetical ability, and her perfect rendition of the poem added greatly to its worth.

Miss Mattie Crilly's essay, "Shakespeake's Heroines," showed great literary ability in the interpretation of England immortal dramatist while her delivery brought out to advantage the many good points in her dissertation.

Miss Gertrude Crilly's "The Old Dominion," was truly a poem, whose every line showed the fair graduate to be a loyal Virginian, proud of her native State and its glorious history. Her reading was clear and spirited and the prolonged applause of the audience testified to the merit of her literary work.

Miss Mary Nugent was valedictorian and she acquitted herself in a manner to deserve great commendation from the audience. "In her essay Life's Rosary," she beautifully compared life to a strand of jewels, now the pearl of hope and promise, now the ruby of sorrow and suffering and at last the glorious, sparkling diamond of perfection and contentment. She then paid a glowing tribute of affectionate gratitude to her Alma Mater, where all her school days were spent, and concluded by bidding her teachers and classmates an affectionate farewell.

The vocal and instrumental music was of the high order that always characterizes St. Mary's programmes. The young ladies who so gracefully appeared in the "Holy City" and "Scarf Fantastics" completely won the audience by their rythmic movements and charming rendidition of their respective numbers, though the minims in the "Flower Song" and juniors in the "Japanese Fan" bade fair to outrival their elder sisters.

At the close of the exercises diplomas, certificates and rewards were conferred upon the following young ladies and the commencement exercises of 1906 that marked the close of the most successful year of St. Mary's Academy were at an end.

Graduating gold medal and diploma for having completed the academic course were conferred upon Misses Mary Isabelle Nugent, Gertrude Crilly, Mattie Crilly, and Ethel Iris McDonald, all of Alexandria.

Man and Woman Fight.

Considerable excitement was caused on Lee street, between Wilkes and Gibbon, late yesterday evening by a fight which took place under Windmill Hill between John Payne and Annie Freeman, both colored. A razor figured in the combat and Payne received slight cuts. The man asserted that the woman armed herself with the razor and attacked him and that he took it from her. The latter positively affirmed that Payne had the razor and endeavored to use it upon her. Officer Sherwood appeared on the scene and arrested the combatants. They were brought before Justice Moore in the Police Court this morning, who fined them $2.50 each. During the combat the handle of the razor was broken into several pieces.

Police Court.

[Justice W. A. Moore presiding.]

The following cases were disposed of this morning:

Stephen Smith and Edward Fleming, arrested by Officer Garvey charged with allowing cows to run at large, were fined $1 each.

John Payne and Annie Freeman, both colored, arrested by Officer Sherwood charged with fighting, were fined $2.50 each.

George Carter, colored, arrested by Officers Beach and Lyles charged with assaulting Caton Neal, was dismissed.

George Williams, colored, arrested by Officers Bell and Jones charged with stealing a pistol, was fined $20.

Old Landmark Disappearing.

The frame building at the southwest corner of Wolfe and Henry streets is being demolished by the Southern Railway Company. This is one of the oldest buildings in this city and was the birthplace of the late Henry Winter Davis. For many years it was used as a dwelling, or until it was acquired by the railroad company. About sixteen years ago it was fitted up as a reading room for railroad employees. Recently it had fallen into decay.

Returned Home.

The following Alexandrians have returned to their homes from the Virginia Polytechnic Institute at Blacksburg, Va.: First Lieutenants C. M. Smith and L. T. Downey; First Sergeants R. S. Hoffman, Ralph McBurney and R. P. A. Johnson; Sergeant W. F. Hellmuth; Corporals A. Harris and C. L. Watkins; Cadets Thomas Clarke, A. G. Uhler, Douglas Ramsay, F. H. Rogers and F. P. Westlaken.

The Grand Jury.

The grand jury met again this morning and continued the examination of certain persons who, it is supposed, possess information concerning the Curtin murder. Herbert Foster, who had arrived here from Fauquier county, was among the witnesses put on the stand today.

Weddings

Miss Melissa Lovejoy Hill and Mr. Malcolm W. Hill will be married at 5 o'clock this evening at the residence of the bride's grandmother, Mrs. M. A. Wood, on south Washington street. The ceremony will be performed in the presence of the families of the contracting parties and a few intimate friends by Rev. John G. Sadtler, rector of the Church of Our Saviour, Baltimore, assisted by Rev. C. D. Bulla, pastor of the M E Church South, of this city. The bride will be attended by Miss Sibyl H. Smoot as maid of honor and the groom by his brother, Mr. Norman A. Hill, as best man. Miss Janet Fawcett and Mr. J. Owings Tucker will act as ribbon bearers. The bride will be becomingly attired in a white satin gown trimmed with duchesse and point lace and will carry a bouquet of bride roses. The maid of honor's dress will be of white embroidered batiste, with pearl ornaments. She will carry a beautiful bouquet of bridesmaid roses. The house has been tastefully decorated with potted palms and cut flowers. Mrs. Oscar F. Carter will play the wedding march.

A pretty home wedding took place on Monday, the 11th instant, at the home of the bride, 217 north St. Asaph street, when Miss Jessie R. Martin and Mr. Conrad Philip Heins, of Philadelphia, were married by Rev. Dr. Fisher. The occasion was a pleasant reunion of the family. Nine brothers and sisters and twelve nephews and nieces were present, besides a few personal friends, making the occasion a very interesting one. The bride and groom left on a trip north. They will make their home at Lynchburg.

The Knabenshue Airship.

Lincoln Beachey, in the Knabenshue airship, made a successful ascension this morning from Luna Park. After soaring about in the vicinity of the park the airship circled around the lower part of Washington, stopping at the monument grounds. Resuming his journey, having accomplished two complete circles around the monument at a height of about 400 feet, Beachey headed for the White House, alighting in the executive grounds to the south of the building near the fountain. Business at the Capitol was practically suspended during the flight, several committees being unable to raise a quorum. Senators and Representatives and their friends crowded the terraces and balconies of the building, more interested in Beachey's aerial stunts than affairs of state. He later guided the airship to Luna Park. The performance was witnessed by a large concourse of people, who had assembled at the park, while thousands in Alexandria county and Washington watched the aerial flight. The trip was made in one hour.

Lower Court Reversed.

The Court of Appeals now in session at Wytheville today reversed the decision of the Circuit Court for Alexandria county in the case of Hansborough vs. the Southern Railway Company, a suit instituted by the executor of Calvin Hansborough, who was struck by a light engine and killed near the Belle Pre Glass Works May 19, 1904. The lower court had awarded the plaintiff $5,500 damages. Messrs. Norton & Boothe represented Hansborough and Mr. C. C. Carlin the railway company.

The Henry Street Track.

Some railroad employees attempted to repair the planking alongside of the Henry street railroad track this morning. The procedure was reported to Mayor Paff, who ordered the men to suspend the work. The ordinance passed by both boards of the City Council last Tuesday night directs the clerk of the Common Council to notify the railroad authorities that the rails must be removed from Henry street now that the thoroughfare has ceased to be used for the passage of trains.

Today's Excursion.

Notwithstanding the threatening weather the excursion given today to River View by the Young Men's Sodality Lyceum was well attended, both morning and afternoon boats carrying down good crowds. Many who could not avail themselves of the opportunity of spending the day at the View will, it is expected, go down tonight. The last boat tonight will leave the Cameron street wharf at 7:15 o'clock.

Lecture by Miss Tinling.

The W. C. T. U. prayer meeting announced for this evening at the Children's Home has been postponed. The meeting will be held Friday evening at 8 o'clock, Miss Christine I. Tinling, of Liverpool, Eng., will address the meeting. A collection will be taken for the benefit of the work.

Returns Canvassed.

The commissioners of election met today at the clerk's office of the Corporation Court and canvassed the votes cast for members of the City Council on Tuesday. The returns were as published in yesterday's Gazette.

MEDICAL OPINIONS OF

BUFFALO LITHIA WATER

Experience "Fully Demonstrates the Value of Buffalo Lithia Water as a Solvent of Uric Acid, and a Valuable Therapeutic Agent in the Treatment of Gout."

L. H. Warner, A. M., Ph. G., M. D., Brooklyn, N. Y. In a paper entitled "The Treatment of Gout, Uric Acid Diathesis and super-induced Cystitis in the cases of two Idiosyncratic Patients," gives full clinical notes of these interesting cases, and in a lecture before the recent meeting of the Alabama Medical Association showed stereopticon views of the blood and urine of these patients in different stages of improvement. He says: "My former good results from the use of BUFFALO LITHIA WATER in cases of tism due to Uric Acid intoxication led me to suggest this agent to my patients. The use of nitrogenous foods was restricted and a full half gallon of BUFFALO LITHIA WATER Rheumaper day was ordered to be taken. I was more than surprised at the amount of Uric Acid sand eliminated with each urination, and three weeks from the beginning of treatment not a trace of the former cystitis existed, BUFFALO LITHIA WATER as the only medication used, we find and in four months, with an increase of 5% Hæmoglobin, 200,000 red cells and a normal count of white cells, while the urine appears without any pathological factors. These cases fully demonstrate the value of BUFFALO LITHIA WATER as a solvent of Uric Acid and a valuable therapeutic agent in the treatment of Gout."

"THE MOST RELIABLE SOLVENT IN CHRONIC INFLAMMATION OF THE BLADDER AND RENAL CALCULI."

Louis C. Horn, M. D., Ph. D., *Professor of Diseases of Children and Dermatology in Baltimore University,* writes: "Having used BUFFALO LITHIA WATER in my practice in the past eight or nine years, I find it the most pleasant and most reliable solvent in Chronic Inflammation of the Bladder and Renal Calculi; also in gouty and rheumatic conditions. It is a remedy of great potency."

"UNDER A DEBT OF GRATITUDE TO THIS MOST EXCELLENT WATER FOR WONDERFUL RELIEF."

Wm. C. Wile, A.M., M.D., LL.D., *of Danbury, Conn.*, reports the following (*New England Medical Monthly*, December 15, 1888): "In a recent outbreak of Nephritic Colic in our own person, BUFFALO LITHIA WATER was speedily cut the attack, under the short, the stones quickly passed, and the debris which followed showed a thorough cleaning of the kidneys and bladder of all foreign substances. All of the reflex symptoms and sequelæ were promptly relieved, and we feel under a deep debt of gratitude to this most excellent Water for wonderful relief."

To Marry His Stepmother

Mrs Kilbourne Hyatt Stone, of Chicago, who is to marry her stepson, Kilbourn Hyatt Stone, after having been two years a widow, yesterday declared that there was no romance whatever in the match, but that the wedding was to be the culmination of a common-sense courtship extending over a year.

"This is not a romance," said Mrs Stone with emphasis. "It is not the sort of affair that the ordinary newspaper romance is built around. Mr. Stone and I are to be married because it seems the most natural thing in the world. If there is anything further to be said I must let Mr. Stone say it."

"Will you find it difficult to renounce the authoritative role of stepmother for the obedient one of wife?" was asked.

Mrs Stone laughed heartily as she declared that authority as a stepmother had never rested heavily on her shoulders, and she insisted that discussion of such a matter was ridiculous.

The invitations have been issued for the wedding ceremony, which is to be performed by the Rev. Robert H. Pooley, at Epworth Methodist Episcopal Church, Kenmore and Berwin avenues, in Sheridan Park.

The marriage of a stepson to his widowed stepmother is remarkable even in Chicago, where Cupid's surprises rarely cease.

In making his stepmother his wife the stepson will lose a stepmother. He will also lose a "stepmother-in-law" and acquire a real mother-in-law—the mother of his bride-to-be.

Long Tennessee Fight.

For twenty years W. L. Rawls, of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, but I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at E. S. Leadbeater & Sons', Druggists.

Schooner Lost.

The schooner Thomas S. Dennison, Capt Wade, arrived at Port Tampa, Fla., late yesterday afternoon, having on board A. Phinney, master and sole surviver of the crew of the three-masted schooner Emma L. Cottingham, of New Bedford, Mass., which sank last Sunday morning 185 miles west-southwest of Egmont Key, Fla., while bound from Mobile to Knights Key, Fla. Six men, composing the crew of the Cottingham, were lost.

A heavy gale struck the Cottingham Saturday night, and she sprang aleak. The power pump refused to work, and the vessel filled rapidly, going down early Sunday morning. Capt. Phinney clung to the shattered lifeboat and saw only one member of his crew still afloat. This man swam to the lifeboat, but was washed off by a heavy sea. From 6:15 in the morning until 11 o'clock the same morning Capt. Phinney clung to the wreckage, when the schooner Dennison picked him up.

The rescue of the captain was attended with great danger, and Capt. Wade and the men of the Dennison risked their lives in saving his.

You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. FINANCIAL

WHEN YOU DEPOSIT YOUR MONEY WITH THIS CORPORATION.

Money out of Bank is subject to many risks. The man who has the reputation of keeping money in his pocket or hiding it about his home not only endangers his own life, but also the lives of his family. Money in a good bank is safe not only from theft or accident, but it is safe from the temptation to spend. We pay 3 PER CENT. interest, compounded semi-annually on all amounts from ONE DOLLAR upwards in our SAVINGS DEPARTMENT. The interest is added to the account each six months, when it also begins to draw interest at the same rate. We endeavor to extend to our patrons every accommodation consistent with sound banking and solicit both SMALL AND LARGE accounts. Why not open an account with us today?

THE SATURDAY EVENING POST

In your town on Friday afternoons and Saturdays. Maybe you think it'll take a long while to earn enough money for what you want. But that all depends on yourself. Some boys make as much as $15 a week; others make $2, $3, $5 a week. In our handsome booklet, "Boys Who Make Money," some of our boys tell in their own way, how they got money for things they had long wanted, by selling THE POST. This booklet is free for the asking. We will send along with it, the complete outfit for starting in business, including ten free copies of THE POST. You sell these at 5c the copy, and that furnishes all the money you need for buying further supplies. Besides the money you make each week, we give, among other prizes, watches, sweaters, etc. And in addition

$250 in Extra Cash Prizes

each month to boys who make the biggest increase in their sales. Better send us a letter to-day.

If Tennis Balls Were Eggs How Careful We Would Be!

Hundreds of families go along every day exercising little or no care in the selection of their household supplies when they ought to be CAREFUL about the quality of goods; CAREFUL to see that the goods are perfect; CAREFUL that the price is not too high; CAREFUL that everything is as represented; CAREFUL that prices are not overstated.

There is one way of getting rid of this care and that is by dumping it all on us. We exercise such care in buying goods ourselves that even

TO THE OWNERS OF DOGS!

MAYOR'S OFFICE,
Alexandria, Va., June 8, 1906.

All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

JUNE TWENTY-FIFTH, 1906,

and take out a license for the same from the Auditor. After the 30th of June all persons owning or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $3 or $5.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two Dogs when owning and harboring more, or who send such Dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for their licenses to the Auditor.

FRED. J. PAFF, Mayor.

The following is a copy of Section 54 of the license law. "On every dog, regardless of sex, one dollar and fifty cents."

YES,

We Probably Have It.

A good many people make the mistake of going to Washington to get something they could buy at home, do not look for it here, just jump to the conclusion that such things are not to be had in Alexandria.

We would like to state to those contemplating purchasing a fine watch, or diamond, or other fine piece of jewelry, clock, silverware, cut glass, etc., that we have a large and complete stock of the above mentioned goods and which we offer at a lower price than is asked for the same goods in Washington.
